Welcome to the largest Brazilian Jiu Jitsu event ever to hit Scotland!

We are delighted to be organising the first ever UKBJJA International Open Tournament. This will become an annual event that runs in each of the UK home countries. Scotland has been chosen as the first location as there is huge potential for growth in the sport and it too often gets neglected by competition organisers.

This event will attract top international competitors and give Scottish (and other UK) athletes a chance to compete with the best in the world - right on their doorstep

The event is non-profit - all proceeds are being channelled back into the sport. In addition, all proceeds from spectator ticket sales will be going to Cash4Kids.

About the UKBJJA

- To provide a framework for national recognition of the sport
- To preserve the integrity of the ranking system
